NAVIGATION BULLETIN NO. 09-19

NOTICE TO NAVIGATION INTERESTS:

APALACHICOLA, CHATTAHOOCHEE & FLINT RIVER SYSTEM, GEORGIA

Reference is made to Navigation Bulletin 09-16 dated April 17, 2009 stating that the Jim Woodruff Lock will be closed for emergency repairs.

Notice is given to mariners that the Jim Woodruff Lock is now able to pass recreational traffic, but that there are limitations. One gate is stuck in the closed position with one gate in operation so that the chamber will be accessible through an available width of 41 feet (half its full capacity). The lock is expected to remain in this condition for an extended period of time. This is until the problem has been diagnosed and repairs have been completed.

For further information please contact Mr. Jason Barrentine, Jim Woodruff Site Office at (850) 663-2291.

STEVE L. HRABOVSKY
Chief, Navigation Section
