TECHNICAL SUPPORT BRANCH

NAVIGATION BULLETIN NO. 10-36

NOTICE TO NAVIGATION INTERESTS:

GULFPORT HARBOR, MISSISSIPPI

Notice is given to mariners that the Manson Construction Company's hopper dredge "BAYPORT" is expected to begin dredging under the Gulfport Harbor Channel Improvement Widening Project on or about 30 September 2010. Dredging is expected to begin at the outer reach of the Gulf Channel, at Sta. 1106+00 and progress northward, widening both sides of the existing channel. The dredged material removed from the Gulf Channel will be disposed of into a designated area adjacent to the Chandeleur Islands. This work will continue until further notice. The contractor will be employing additional hopper dredges in the future to perform this project at which time navigation notices will be issued.

The dredge plant can be contacted on VHF-FM Channels 13 and 16.

Mariners are urged to exercise extreme caution when transiting this area.

For further information, please contact Mr. Wylie Groves at the Irvington Site Office at (251) 957-6019.
