**NOTICE TO NAVIGATION INTERESTS:**

**BLACK WARRIOR & TOMBIGBEE RIVERS, ALABAMA**

Notice is given to mariners that shoaling at the downstream approach to Coffeeville Lock, River Mile 116, has restricted the available channel to a width of approximately 136 feet. Two green Coast Guard buoys have been placed to delineate the current channel. A contract dredge will mobilize and dredge this location in June.

Mariners are urged to exercise extreme caution when transiting this area.

For further information, please contact Mr. Fred Horn at the BW&T/Alabama-Coosa Project Management Office (CESAM-OP-BA) at (205) 752-3571.
